Dear New Patient,

Welcome to our practice, and thanks for selecting us for your dental care. Our mission is to provide the highest level of clinical care possible, and to do so in a comfortable, caring, and transparent manner. We will work hard to ensure that your experience here is a pleasant one.

Our office is committed to the prevention of dental problems and the preservation of your smile and function for a lifetime. With modern preventive techniques and your cooperation, this goal can be achieved.

Patient registration and health history forms are enclosed so that you may complete them at your convenience. Please bring the completed forms with you to your first appointment. If you have dental insurance, please bring in a copy of your card, which will enable us to help you with any questions you may have about your coverage.

For your first visit, please plan to be here for 60-90 minutes with Dr. Diamond. This will include a complete exam, any necessary radiographs, and self-care education. You will need a separate appointment with the hygienist, which can sometimes be scheduled in sequence with the new patient examination.

Finally, if at any time you have questions regarding appointment scheduling, treatment, fees, or anything else, please do not hesitate to discuss them with us.

Thank you for making your oral health a priority. We look forward to meeting you.

All Our Best,

Jeffrey A. Diamond, D.D.S. and the team at Legacy Dental Care

*A lasting legacy of **exceptional** care*
